

# INTO THE WILD

# **WELCOME TO INTO THE WILD**

**Into the Wild is not just a normal festival, but rather an invitation to be at ease and joy together for a few days in beautiful nature.**

**Our lives move so fast, with always something to do, here the invitation is to leave the stress and hassle of everyday life behind and relax, be at ease, relaxed and being present together in this moment.**

**The festival is simply another name for life, for renewal, for being in love with this wild, beautiful earth that we call home. It is a beautiful place, where the forests and wild meadows are brimming with life. If you watch and listen carefully, you may hear the owls, see the swoop of bats, the gliding of swallows, hobby, red kites, buzzards, the call of crow at dusk or at dawn catch the deer secretly roaming through the ancient forest.**

**In essence we are here to celebrate together. We are looking forward to a wild and beautiful weekend. We offer workshops, talks, music, dance and inspired learning in the hope that we each find our own unique exquisite offering that benefits all beings.**

**With this in mind Into the Wild is not a place to come and escape the world, but to find our place in this natural world.**

**Here is an opportunity to let go of the need to be anybody and rest your body and mind in the splendour of the natural world, remembering that the greatest gift, the greatest miracle, is simply the wonder of life itself.**

**The programme will change as people drop out, please be kind and patient, we will do our best to fill any spaces. The list of workshops are in this programme, the workshop descriptions are available at the Information Tent or on the website. [www.in2wild.com](http://www.in2wild.com)**

**There is plenty of choice, keep an open mind and enjoy!**

**In the main field there is the awesome kids area, the wild craft area is located near the entrance to the woods, with all sorts of carving, blacksmithing, weaving and beauty-making. Our Wellbeing area is a haven of massages, deep relaxation, soulful journeys, the sauna, and Lunched out Lizards serving lovingly made food.**

**First aid and lost kids base are clearly signposted in the main field.**

**Make sure you go and explore the Wise Owl Woods with it's stunning giant Sequoia forest, ancient rocks and open glade hosting a open mic stage, a small cafe and workshops. Be careful going down the path though especially at night it can be slippery. Please be cautious.**

**Watch out for secret gigs and secret stories.**

**Come join the opening ceremony in the Totem pole field, Friday night 6.30 pm! It's worth taking cushions and shawls to workshops in case you want to fully submerge yourself in this moment.**

**We ask that you please take your rubbish home with you. Our policy is to leave no trace and be aware of what we use. There are bin liners at Information Tent. We really appreciate your help with this. Our fantastic crew are here to make you feel at home, do ask a steward or member of the inner arena crew if you are in need of any help.**

**Hopefully you will have a wonderful time and we will meet again and again. This is a place where you can meet new friends for life.**

**We hope you all have a amazing weekend!**
